

écarté dance theatre was established in 1981 as a contemporary dance company in the Dover area. Dedicated to dance performance throughout the state of Delaware, the group's major performing concentration is within Kent County. The company seeks to offer its audience productions drawn from a variety of dance forms and to explore and integrate other art forms in the performance works it offers. The company endeavors to serve the community through presenting the dignity of the human condition in a specific and a universal way through the art of dance. Dancers of all ages and ethnic backgrounds are encouraged to offer their unique gifts in an effort to present as rich and true a statement as possible.

écarté presents two major performances each season, in January and June. Both performances are held at the Delaware State University auditorium in Dover, Delaware. The écarté performance includes a diverse group of dancers, both senior company members and apprentices, a mature adult performing group, and a number of young novice dancers.

This program is supported, in part, by a grant from the Delaware Division of the Arts, a state agency, in partnership with the National Endowment for the Arts. The Division promotes Delaware arts events on www.DelawareScene.com

If you are interested in becoming a patron of the arts by supporting ecarte through a tax deductible contribution, please consider the options below.
